# Smart Cities
MIAMI 2020
Exhibitor Opportunities

The annual **Smart Cities MIAMI Conference + Competition** gathers leaders in academia, professional practice, and industry to examine the Smart Cities phenomenon in relation to emerging trends and technology. The focus is on infrastructure and the built environment, as well as new potentials for business and governance.

Exhibitor spaces are free!
Applicants are selected on the basis of topics that fit best but space is limited. If selected, you will be contacted to discuss the details of your set up.

Exhibitors are invited to attend the Conference, which feaures a series of panel discussions; keynote speakers: Nicholas Negroponte, Chairman Emeritus, MIT Media Lab, and Joseph Brancato, Vice Chairman, Gensler; and a networking reception.

To apply, please visit **smartcities.miami.edu**.
